Participants who are citizens of a non-OECD country are eligible for a Tier 2 fee if they are (1) traveling from the non-OECD country to attend the course OR (2) traveling from an OECD country where they have lived for less than 12 months (supporting documentation must be provided).

Participants who are citizens of OECD countries will pay the Tier 1 fee . In addition, participants who have been residents in an OECD country for 12 months or more will pay the Tier 1 fee regardless of their country of citizenship.

Non-OECD citizens studying in OECD countries:

If an international student is paying their own registration and they are from a non-OECD country, as long as they are in good academic standing and have a valid visa, they can pay the non-OECD rate. The student will need to submit a letter of academic standing from their institution to obtain the non-OECD rate.
